**Re : Thank you letter**

Dear Madam Mikulec,

On behalf of the team at Children's Care International (CCI), I wish to express our sincere gratitude for your generous contribution of \$3,000 toward our scholarship program in Visakhapatnam, India.

Your support will allow 6 vulnerable children—many of whom are at risk of child labour or early marriage—to pursue their studies in specialized, low-cost private schools equipped to meet their learning needs. By easing the financial burden on their families and keeping these youth in classrooms, you are directly advancing our shared goal of breaking the cycle of exploitation through education.

Thank you again for your continued confidence and support in our work and for standing with us in the fight against child exploitation.

With warm regards and deepest gratitude, please accept, dear Madam Mikulec, the expression of our highest consideration.

**Emilie Jodoin**

Fundraising and Education Project Manager
