Dear R.R. Smith Community Fund

I would like to thank-you on behalf of Afretech Aid and the more than 3000 students who will benefit from your donation to purchase projectors. You have no idea what an impact these projectors will have. Lessons come alive, and learning takes on an air of excitement.

As you know we work in Kenya and provide computer labs, offline ARES servers, and projectors to rural high schools that often lack even the basic resources. This equipment is a game changer. Projectors are especially sought after: a single laptop and a projector can provide an entire, large class with exciting videos and educational material. Consequently, these projectors are one of the most requested items. Every school wants as many as possible. Your donation will allow us to purchase at least 15 projectors - a wonderful addition. All the teachers and students in recipient schools will more than pleased. Thank-you, thank-you, again.

Sincerely

Bonnie Sutherland
